**LAMAT
RECORDS**

Is an underground psychedelic dark trance label based in Guatemala, initiated by Dirty Phreak in 2011. Our main purpose is to bring to the weird and wacky, slightly tacky, and beautiful world of psychedelic trance dance culture a heavy dose of night time dark psychedelic trance releases, produced by several artist well known around the globe, using high quality conceptual music, inspired by the complex brain-wrapping textures, paying great attention to detail: both visual and audible. Taking you deep and purging your mind through sensory overload. Blasting dancefloors worldwide with fast'n'furious, extremely brutal and sci-fi acid trance for full power vibration lovers. We focus on creating a journey to the deepest, darkest regions of the mind and soul using frequencies that will resonate in our souls giving visual form to its harmonies. We dance for laughter, we dance for tears, we dance for madness, we dance for fears, we dance for hopes, we dance for screams, we are the dancers, we create the dreams. Not a clamour, but love Not talking, but a pledge Not flagellation, but a heart, Make music in the ear of god.
