Working under the nickname Sergey Dance gives his priority to commercial music styles + retro disco (80-90s), private, corporate and thematic parties.

Digital Rhythmic is devoted exclusively to electronic music. The main styles are: house, deep-house, tech house, indie dance, nu disco, chill out. Sergey has a big work experience with almost all kinds of media (cd, vinyl, digital), at present time gives his preference to controllers, effectors and time codes.

Since the end of 2012 started editing of weekly hour-long compilations, which are being sent all over the world and appearing in different FM and Internet radio stations' guest programs. Right now there are 6 series:

Digital Minds - featuring melodious deep and tech house the selective tracks criteria of which is emotional, melodious and at the same time dance mood. Show on Insomniafm: Digital Minds / Every 1st & 3rd Sunday of the month at 15:00 CET
